AMENDMENTS TO THE ABSTRACT

On page 15, please amend the Abstract as follows:

~~A means for auxiliary~~ Auxiliary manual operation on a bistable multiway valve is achieved with ~~comprising~~ a valve member able to be reciprocated with the performance of a switching movement and furthermore operating device extending athwart the direction of the switching movement. There is a provision such that the operating device ~~comprises~~ includes at least two mutually parallel plungers, which on operation act on second different flanks of the valve member, operation of one plunger locking the respectively other plunger.
